

## **Corn Casserole**

1 Package Jiffy Corn Muffin Mix  
1 can whole kernel corn, drained  
1 can creamed corn  
1 stick butter softened  
1 8 oz. container sour cream

Combine all ingredients except the Jiffy mix. Mix well, and then add Jiffy mix until most of the lumps are gone. Pour into greased casserole dish and bake at 350 degrees for about 45 minutes, or until firm and golden brown on the top.

Optional: Add chopped chile peppers to batter, mild or as hot as you like. You can also sprinkle shredded cheddar or monterey jack cheese on top, several minutes before baking finishes. This dish is so delicious, you will find yourself doubling the recipe to keep up with demand.
